

HOUSING AUTHORITY OF JEFFERSON PARISH

NOTICE TO RESIDENTS REGARDING TROPICAL DISTURBANCE

June 18, 2021

THE HAJP MANAGEMENT OFFICE WILL CLOSE AT 12:00 PM TODAY DUE TO WEATHER CONDITIONS.

As you know, there is a disturbance in the Gulf of Mexico that may affect our development community. Although the storm is currently a “disturbance” it is expected to strengthen into Tropical Storm, Claudette and make landfall tonight or tomorrow morning. Residents should bring inside any chairs, other lawn furniture or anything else that may become projectiles during a wind event. You should pay attention to new alerts from Jefferson Parish regarding any potential calls for evacuation.

Please make sure that the HAJP has accurate contact information for you in the event an evacuation order is made to assist us in our efforts to re-occupy the property once the order has been lifted. Please note **AN EVACUATION ORDER HAS NOT BEEN ISSUED**, but please pay attention to the news in the event an order is issued.

THINGS TO DO TO PREPARE:

- Make a plan. Know where you and your family will be going in the event of an evacuation.
- Prepare a disaster supply kit. Your kit should include water, non-perishable food, first aid supplies, a flashlight and extra batteries, a battery-operated radio and extra batteries, and sanitation supplies
- Make sure that you have ample infant supplies such as diapers and formula and prescribed medications
- Place all of your family’s important papers in a sealed plastic bag. These documents are birth, marriage, divorce, and death certificates, social security cards, banking information, and any other documents you think are important to your family.
